

To Whom It May Concern,

I am delighted to have the chance to recommend mr. Dimitar Danailov as highly valuable employer. We had work on the eCommCongress app for iOS and Android in the spring of 2015.

His overall responsibility was to enable smooth and efficient project management of the project, and I'm pleased to say that he performed this task with the utmost competence.

Mr. Danailov's consulting skills were in great advantage due the creative process in the beginning. He showed us enthusiasm, great communication skills and professional demeanor to the job. Along the process he revealed qualities of a team player and took responsibility for the whole team in the working process. At the end we were satisfied of the results and the cooperation we've made.

I wish Dimitar best of luck, and I hope to work again on interesting projects.
